

DUCCO HEAVY DUTY ROLL GROOVE FLEXIBLE HIGH PRESSURE COUPLING

FEATURES

- Hot dipped galvanised finish
- High pressure
- Ductile iron conforming to ASTM A-536
- EPDM gaskets as standard
- Bolts and nuts are mechanical plated or HDG
- Oval neck bolts and heavy hexagon nuts to ASTM A183 or equivalent with a minimum tensile strength of 110,000psi
- Correct coupling & gasket selection is important to ensure correct pipeline performance
- UL listed

OPTIONS

- Other coating available on request
- Nitrile (NBR) gaskets also available

Model # GT-402H

TECHNICAL DATA

- Code: FWG-HDC-(size)
- Size Range: DN40 – DN300

DIMENSIONS

DN	Working Pressure		Approx. Wt (Kg)
	UL Approved psi	Tested psi	
50	500	1000	1.2
65/73	500	1000	1.7
