

HEAVY DUTY FORGED STREET VALVE KEY & BAR SET

FEATURES

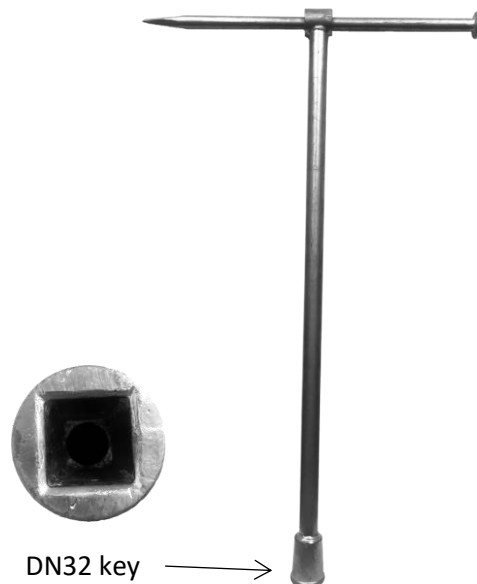

- The stop valve key opens and closes square head sluice valves
- Ideal wrench for stiff or hard to operate valves
- Produced from high grade steel
- Solid 30mm diameter key stem for maximum torque
- Chisel end on key bar to lift access lids
- Manufactured to last a lifetime
- The handle easily slips from the key shaft and stored inside the shaft which ensures easy storage and handling.
